Week 1 - \$20

Week 2 - \$40

Week 3 - \$60

Week 4 - \$80

Week 5 - \$100

Week 6 - \$120

Week 7 - \$140

Week 8 - \$160

Week 9 - \$180

Week 10 - \$200

Coins last a lot longer than bills do!

Can you guess how long the life expectancy of a coin is?

- A. 10 years B. 20 years
C. 30 years D. 40 years

Firelands FCU has coin counting machines at most of our locations!

Did you know?

The average amount of money a family spends on holiday shopping is over \$1,000 every year!

Snowflake Craft

You will need...

- Toilet Paper Rolls
- Tape Measure or Ruler
- Pencil or Pen
- Scissors
- Hot glue gun and glue

1. Flatten all the rolls, and using the tape measure or ruler, mark about 1/2 inches all along the tube.
2. Like us, snowflakes come in many shapes, sizes, and designs! So, get creative and playful with yours. Try arranging yours in all different ways. You can color them, paint them, or add glitter!
3. After you map out your designs, have a grownup help superglue your shapes together.
4. Add various lengths of pretty ribbon, and hang your snowflakes from windows or on walls!

Pick a prize from our treasure chest when you deposit into your savings!

*Offices in Bellevue, Bucyrus, Galion,
Monroeville, Norwalk
& Sandusky*
